We propose to assign you to a tutorial based on your preferences. Accordingly, disregard the tutorial assigned to you by the Registrar's software.

Tutorials will be on Mondays and Tuesdays.

1. X out all slots that you cannot use.
2. Rank available times in order of preference (use 1 as your most desired time).

Times offered will depend on responses. Grayed out hour is especially unlikely to be offered

Hand in this form at the end of today's lecture or take it to room 32-251. Remember to **write legibly**.

The sort will be done by Friday, September 11.

Also, future offerings of 6.034 may include a CI-M 3-unit add-on option because in the proposed new VI-3 curriculum, one of the current course VI CI-M subjects will no longer be a required subject. If you are interested in possible participation in a possible pilot 6.034 CI-M add-on this semester, check here:
